## ALMA MATER

Sweet be thy memory, High School of ours,  
Fair be thy destiny, fadeless thy flowers,  
Hearts that have loved thee have won in life's  
fight,  
Names that we honor, thy standard holds  
bright.

Our Alma Mater dear, to thee we sing,  
May all thy future years new honors bring,  
May friends thy banners raise, thy foes grow  
less,  
All love and praise to our old E. H. S.

On September 8, 1959, the new EHS opened, despite great controversy over its cost, a destructive fire before its completion, and several strikes by workers' unions which delayed work on the project several times. The cost was over \$11 million, a figure almost unheard of back then.

There were also complaints from taxpayers because of our \$3,000 piano, the Olympic-size swimming pool, the 43 TV sets, and a mysterious "canoe room" which, after investigation, turned out to be nothing more than a long storage area which could house a canoe which could be used to teach boating and water safety.

The Principal was Charles N. Clark, a former language teacher and East High alumnus. Mr. Clark was only the third principal in East High's history, a long history going back to 1903, when the "old" East High opened its doors at 410 Alexander Street. At that time, with Albert H. Wilcox at the helm, East was one of only two high schools in the city, and was praised by many for its many innovative features, which included a large auditorium, and separate locker room and gym facilities at opposite sides of the school for boys and girls. In 1938, a new principal was appointed — William Wolgast.

During its first 56 years, EHS suffered through the many traumas which beset the entire nation. Sixteen of its students were slain making the world "safe for Democracy", while 61 of East High's sons lost their lives in World War II. The Great Depression was felt by all; many students quit to help support their families during the hard times, while teachers were told to take a large cut in their salaries, in order for the city to meet its payroll.

With the opening of the new building, we began a "new history", a time characterized by specific incidents reflecting popular movements, felt not in just one Upstate school, but in an entire country. Impressions alone remain, images larger than life. . .

#### **BEGINNINGS: 1959-1962**

Bobby socks, crew cuts and corny rock songs abounded, but so did problems, for a school which needed, for some, a justification for its existence. The science labs weren't completed until November; the gyms and shops were not ready until almost spring; and the Commons Room was often a mass of planks, pipes and scaffolding.

1959 Principal Clark explained why good grades and cars don't mix, and introduced a ban on student driving, "unless a special need is demonstrated." The Board of Education issued a statement estimating that the average cost per EHS pupil was \$4,000 guaranteeing the "best educational program over the next 25 years."

1960 A certain yearbook advisor graduated in June, and Patricia Carnahan joined the faculty as the second girls' advisor(dean), due to the school's population having increased to 2500.

#### **PROMISES FULFILLED, THEN BROKEN: 1963-1969**

1963 Two 15-year olds, having consumed large quantities of beer, vandalized the building, inflicting several hundred dollars' damage. SGA proclaimed a "dress-up day", prompting one senior to observe "Many of the skirts were worn too tight and too short."

1967 Sal Rizzo accepted the job as basketball coach of our Section V Champs.

1968 Members of the EHS choir stood on stage with bowed heads and upraised fists as the band played the National Anthem. Forewarned and forearmed, the administration closed the curtains.

There were other events, other protests: the student walkout in protest of the elimination of Driver Education; the anti-war protests of the Vietnam Era; Moratorium Day; the special tributes and memorials in honor of Martin Luther King and of Robert Kennedy, who once visited our school to speak at an assembly.

#### **ONE MORE TIME: 1970-1978**

In 1969, Mr. Clark retired, being replaced by Alfred J. Valvano, vice-principal and former dean at East High. Mr. Valvano helped guide the school through many experiences, some pleasant, others harrowing. His first years were haunted by the spectre of racial strife, as tensions and pressures which were manifested in the community and on our streets suddenly spilled over into the school. Through the diligent efforts of the administration, the teachers, AND the students, tensions and pressures were eventually replaced by increased tolerance, accord, and harmony. Mr. Valvano's tenure at East saw the beginning of new traditions: Ice Cream Day, Sucker Day, Apple Day, Doughnut Day . . . . and there was more.

1971 EHS Thespians hosted the second annual Drama Festival, a two-day happening featuring one-act plays presented by seven different schools.

1972 Ten students "took over" the PA system, barricading themselves in the room, introducing themselves with nicknames, and vowing to play music for as long as possible. They played one record before being chased from the room. Their song: "Gone, gone, gone."

1974 Mitch Jones & Co. regained the AAA basketball crown, overwhelming Mooney.

1976 The Bicentennial. Male students and teachers entered a beardgrowing contest, ending on April 1 with an immensely successful, school-wide Historical Dress-up Day.

1977 Josephine Kehoe, former vice-principal, was appointed as East's principal. The SGA was reorganized after a long absence. The Orientals reclaimed the City-Catholic Basketball Title.

It is impossible, in such a short space to give a full picture of East High's glorious history. It's been a history filled with disillusionment, compromise, accomplishments and ultimate triumph.

"Ah, but a man's reach should exceed his grasp, or what's a heaven for?"

— Robert Browning

If Albert Wilcox, principal of East High School in 1903 could somehow see Dr. Kehoe's office, he doubtless wouldn't recognize the place. The dusty book shelves have mysteriously disappeared. Oversized portraits of stern-looking characters no longer glare down from the walls at nervous students. Stuffy, oppressive formality has gone with the starched collar.

Instead, thriving desk-top plants seem ready to take over the room. A transparent plastic object, looking more like pop art than a container, displays no less than five colors of pens, and suprisingly, the door to this office is usually open. Then the new principal comes in, completing the new images.

"Sorry I'm late," she says cheerfully, "I was just refilling my coffee cup."

As usual, there is much work to be done in this new job. "You wouldn't believe the paperwork," the principal; "I don't believe all the paperwork." But for Dr. Josephine Kehoe, the Rochester native, whose talents are finally being utilized by the community she has served so long and well, time spent with a student is always time well spent. It is indicative of her desire to establish students and teachers as allies rather than opponents. She hopes that such an attitude will be aptly reciprocated by everyone involved.

"I'd like it to be fashionable again to be smart, and to be in school on time. The atmosphere is right for some school spirit again."

If these sound like unreasonable goals to you, don't tell Dr. Kehoe. In seventeen years of public education, she has made a living of dealing with undersized budgets, anxious parents, and sometimes uncooperative superiors. She has risen to demanding occasion before, and figures to rise again.

"We do have big goals," she concedes, but I think of that as emphasizing the positive and playing down the negative. We need things to strive for. It reminds me of that line by Robert Browning, about always aiming for something better."

The new principal feels comfortable in her new role; transitions have been smoothly made.

"The students and faculty have all been very supportive. Early in the year I received a note from a student saying how glad she was that I was the new principal. I thought that was a nice touch."

Naturally, though, there is much to learn about running a public high school. "I've had to study the budget, order roof repairs, examine leaks that need fixing, coordinate cafeteria programs . . ." She pauses, then laughs. "It's like being the mother of a bigger house — and with more kids!"

Dr. Josephine Kehoe

Welcome,  
Dr. Kehoe!

The relationship between students and faculty at East High school is a series of fascinating contradictions. For every heated argument, there was a shared laugh. Each misunderstanding accompanied a sincere attempt at communication. Sometimes personalities couldn't coordinate, and problems were irreconcilable. This faculty earned our respect, sometimes coming reluctantly, but coming nonetheless a quiet admiration but a sincere one not withstanding. They have monitored our progress and frequently indulged our moods. We have seen them in t-shirts at club picnics or dressed up at Open House; it made little difference. The true personality came through in action, and will remain in memory.

# ADMINISTRATION

The class of 1978 has demonstrated its energy and enthusiasm by achieving several high academic honors, by excelling in athletics, and by performing in musical and dramatic presentations. They also demonstrated their excellence in the practical arts, and consistently volunteered their energy and enthusiasm to the community.

The class of 1978 cares. They have cared about their academics; cared about their future; cared about their school; cared about their community; and cared about each other.

This involvement on the part of the class of 1978 shows a sensitivity to the world around them and a willingness to deal with it in a mature manner.

Dr. Kehoe, Mr. Crane, and Mr. Tisa join in the wish that this sensitivity to their everchanging world continues to be important to the class of 1978 throughout their lives.

# BUSINESS

The Business Department is where you learn to earn. Courses in typing, office training, data processing, accounting, and shorthand provide the job skills needed to function in the competitive business world. Business education also provides knowledge and skills for personal use through such courses as dollars and sense, personal typing, and personal law.

The Science Department gives students a firm foundation in all the major branches of Science. The basic core of science instruction takes place in the introductory courses in earth science, biology, chemistry and physics providing for advanced study on an elective basis in the Senior High grades.

Science teachers provide their students with hands-on experiments using the impressive array of apparatus used for experiments. The goals of developing communications skills are provided through the use of formal and verbal reports.

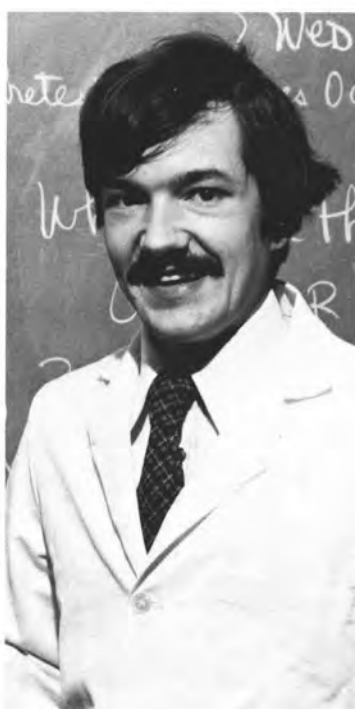

The science staff firmly believes that we turn out students who are well able to cope with life in a scientific age.

# RETIREMENT

After many years of dedicated teaching, Mr. and Mrs. Spafford of East High's Business Education Department will be retiring in June.

Pauline and Norman Spafford met when they were sophomores at Charlotte High School. After graduation, she attended Nazareth College and began her teaching career in 1937. She taught at many different schools before coming to East High, where she became the Department chairperson in 1965.

Mr. Spafford graduated from Rochester Business Institute and then went to Niagara University. Later, he went to Syracuse University for his Masters Degree in Business Management. He has taught at East High School since 1964, coming to us after working for Xerox Corporation for several years.

Married forty years, the Spaffords have always enjoyed working together. One of their greatest pleasures, they say, is talking with former students who come to visit. Between them, the Spaffords have taught thousands

Pauline and Norman Spafford

of kids, hundreds of whom have taken their place in the Business world throughout the Rochester Area and elsewhere.

The members of the East High community thank the Spaffords for their services to the school and wish them a happy retirement.

Clubs, activities, and student publications fulfill the demands and accomodate the various talents in the school. Whether old like the ORIENT or new like the "unusual" (A merciful analysis) Science Fiction Club, boisterous like the Soccer Club or quietly efficient like the ORIENT EXPRESS, East High clubs add new dimensions to an academic process and makes for easier school identification. Before 2:00, aides hustle back and, delivering messages collecting books, assist staff members . . .

East High has the largest representation of the Inter-High Choirs. The Choir performs extensively in the Rochester area including the annual performance for the Rotary Club. The Choir also includes an annual tour in their musical itinerary.

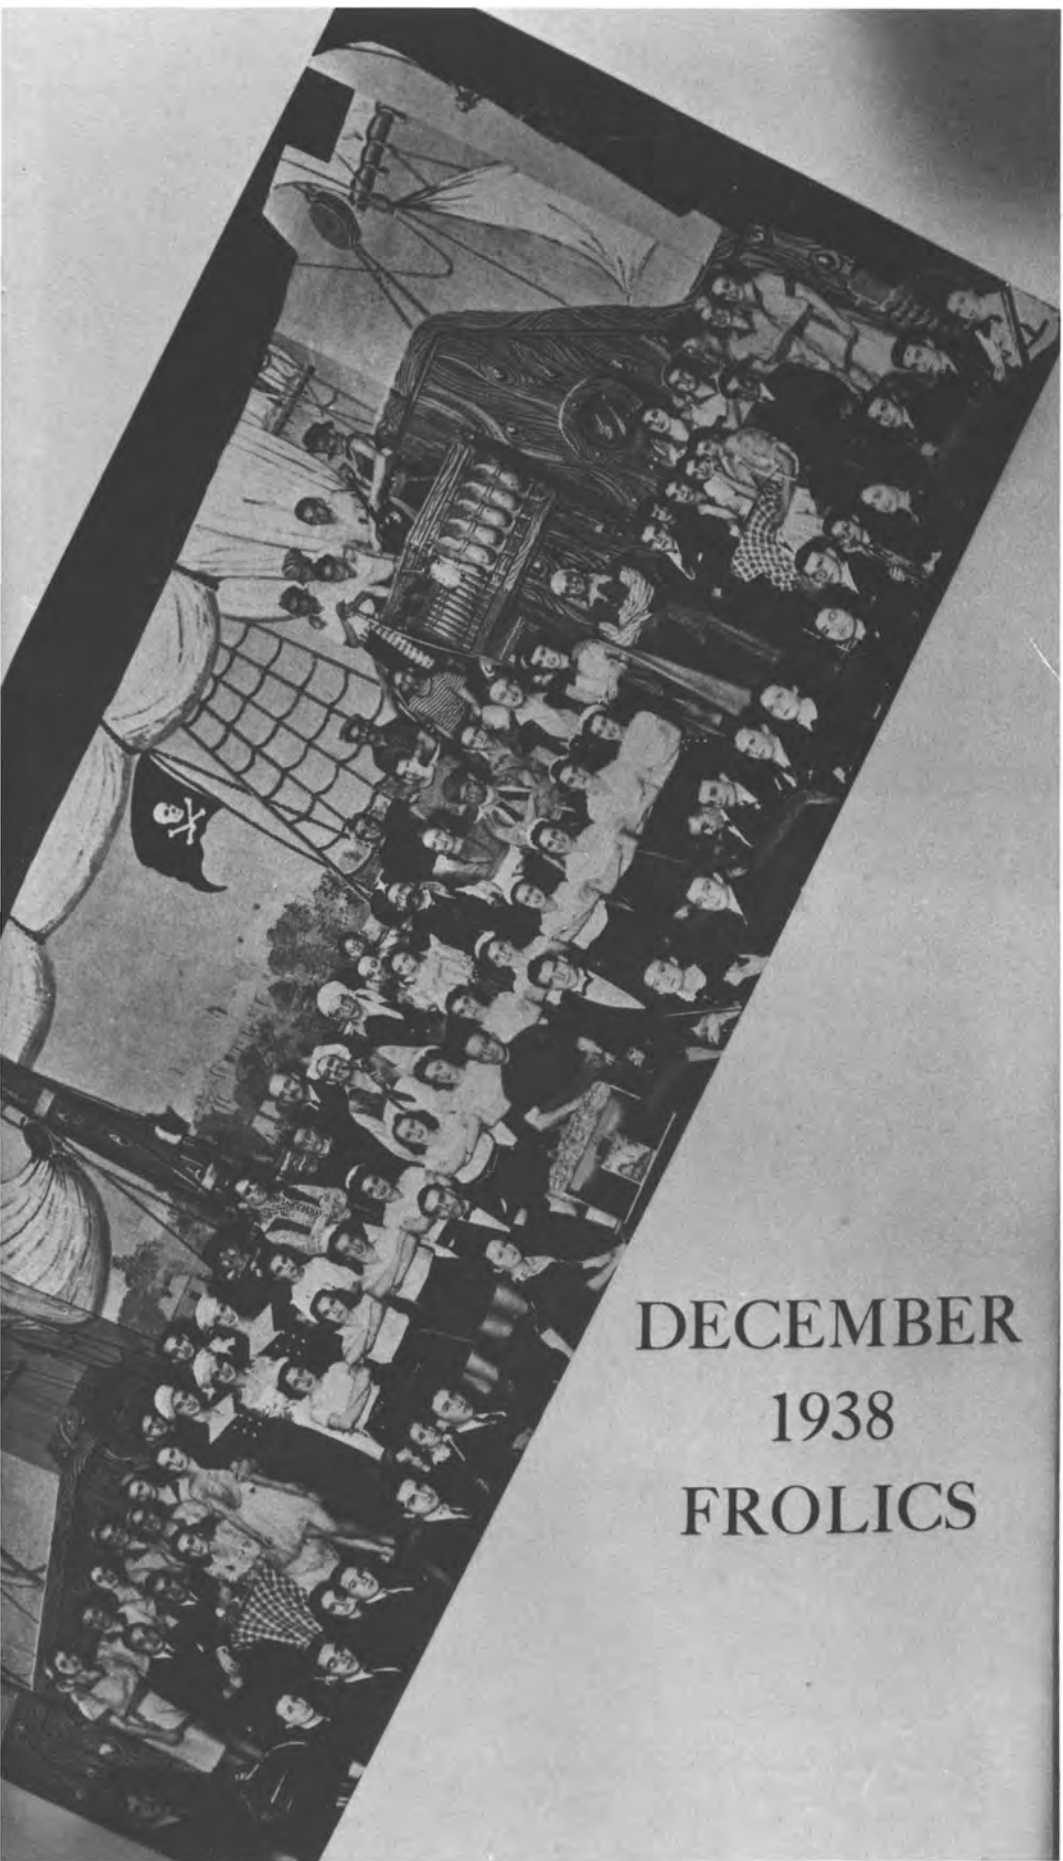

After 2:00, the halls empty but the yearbook office fills with yearbook staff, the Forum Room fills with S.G.A. would-be parliamentarians, the cafeteria becomes a restricted area as frisbees fly and cheerleaders leap, and particular classes are transformed into meeting rooms for various clubs. Activities aid in improving student-teacher relationships; informality and good-natured jibes prevail. Naturally, even the ultimate retiring recluse makes new friends and enlivens her/his social life, Club involvement, at its best, supplements (but doesn't substitute for!) the entire academic experience.

East High's German club, not to be outdone by it's Mediterranean counterparts, combined tradition with inventiveness to create fun. Club members, as usual, went merrily carolling through the town for the fourth consecutive year and roughing it in the woods for the seventh consecutive year. New activities featured biking to and through Durand Eastman Park. The club gave the whole school several memorable moments, and we thank them for it. (Danke-schoen)

# CROSS COUNTRY SKI CLUB

C. Muzdakis, R. Cox, B. Zerges, R. Johnson, S. Aroesty

The 1978 Cross-Country Ski Club was, in no particular order, obnoxious, unorganized, spirited, strange, sometimes childish, frequently lackadaisical, and always a heckuva lot of fun. Characterized by outlandish garments and unorthodox ideas, the club skied at Durand Eastman Park, Mendon Ponds, and other enclosures of boundless natural wonder . . . Skiers with varying degrees of incompetence participated in the club whose membership requirements included: 1.) Enthusiam 2.) Skiing experience (optional) and 3.) Long underwear!

That's not quite what they mean by cross country skiing.

East High's Future Business Leaders of America undertook various projects of different dimensions this year. The students' hard work, thorough book-keeping and imaginative-ness demonstrated the authenticity of their somewhat lofty title.

# FRISBEE CLUB

Frisbee Club weathered another year of verbal abuse and threats from concerned citizens to establish itself as a legitimate school group. Amazingly, the team held it's own against the Rochester Frisbee Club and the Penfield team. Special thanks to Mr. Wilson, who remained the club advisor despite his feelings of disgust . . .

Mr. Van Allen, advisor; Reed Johnson

Student Government has been absent from East High School for several years. Its decline was a repercussion characteristic of an earlier period - a valuable student service which degenerated into a racially tense, ineffective popularity contest.

This year, concerned East students dragged out old constitutions and little used podiums and began some difficult revitalization. Mr. Van Allen had been hoarding lots of junk mail, still being sent to a nonexistent student government, waiting for a year when someone would organize S.G.A. again.

Progress was achieved slowly. Generating support and maintaining interest was frequently difficult. Only substantial achievements could alleviate various disappointments. And S.G.A. achieved. Among the long-standing problems to be alleviated by the S.G.A.'s Social and Fund-raising Committee were: 1) No all-school dance in years; 2) No films shown in years; 3) A yearly list of events that wouldn't fill two pages in a pocket calendar. The school now has a new constitution, a new government and a renewed sense of commitment. In 1978 with fewer bugs in the system, S.G.A.'s second year will bring the fulfillment of all the promise of its first.

# MATH LEAGUE

The 1978 edition of the East High Math League was given a tough act to follow by its predecessors; The team consistently finished high in meets, surprising opponents with calculator-like precision, and bringing up younger members to insure future high standards.

# COMPUTER CLUB

East's computer club, made up for limited membership with unlimited interest. Experimenting with new games, diligently darkening cards, and spending time after school coordinating these various steps to produce a satisfactory program demanded inventiveness and attention to detail.

## THESPIANS

The East High Thespians have had a more active year than ever. As we regard dramatic pursuit, an important element of the curricular and extra-curricular program it has played a more substantial role in the overall scheme at East. With the conclusion of the junior high musical THE BOY WHO STAYED IN BED, the musical GYPSY and our spring play we have had a busier year than ever. If the Thespians' wishes were met an even broader calendar would be a reality. The element of time is, however, always a drawback. Each year we set our goal just a bit higher than existed in the prior year. With time and patience we will, in the future, be a highly significant contributor to theatre in Rochester.

The East High Thespians have had a more active year than ever. As we regard dramatic pursuit, an important element of the curricular and extra-curricular program it has played a more substantial role in the overall scheme at East. With the conclusion of the junior high musical **THE BOY WHO STAYED IN BED**, the musical **GYPSY** and our spring play, we have had a busier year than ever. If the Thespians wishes were met an even broader calendar would be a reality. The element of time is, however, always a drawback. # JR. HIGH THESPIANS

**THE BOY WHO STAYED IN BED** Cast: ROW 1: Andrew Lofton, Michael Warfield, Shelly Bernard, Dianne Degan, Holly Wardlow, Glen Gross, Kathy Hoch ROW 2: Jeffrey Young, James DeRoo, Barbara Dodd, Julie Russell, Laura Warner, Alice O'Brien, Michael Barasch, Kenneth Mathews ROW 3: Kendall Adams, Bonnie Foster, Scott Bruno, Christopher Sale, Juanita Rivera, Jessie Paige, Mary Jane Hamel, Nancy Ames, Darlene Mascioletti, Wendy Mertens, Milford Fargo (composer), Martin May (Director), Rachel Vinkey, Teryle Brewling (musical director), Julie Wailgum, Shelly Moskowitz, Linda Regan, Alfonso Heath, Cynthia Hsu

Jr. Thespians — "The Boy who stayed in Bed."

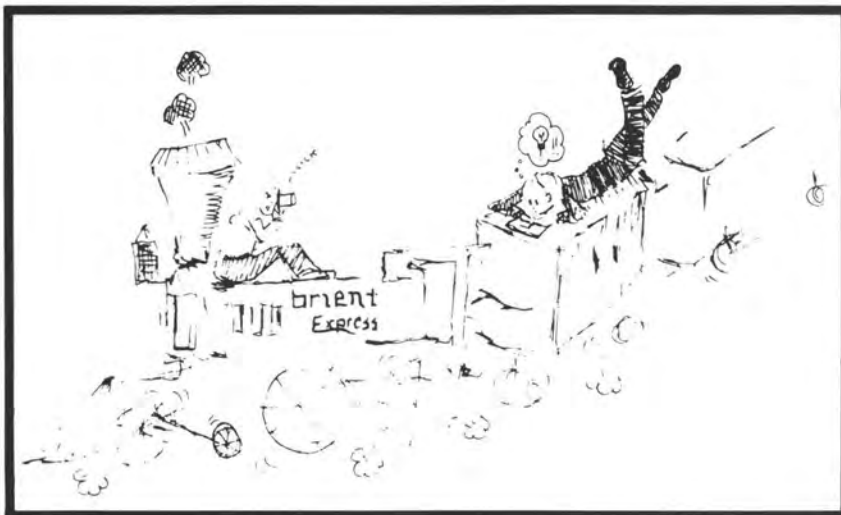

The Junior High Thespians staged their first production in years with gratifying results. **THE BOY WHO STAYED IN BED**, was unexpectedly well performed, and allowed several pint-sized Olivers to strut their stuff. The dedication of the students, teachers, and parents involved ensured the productions' success.

# ORIENT EXPRESS

ROW 1: B. Galloway, P. Etter, K. Ertsgaard, P. Muthig, S. Mulligan ROW 2: H. Vamvakitis, T. Warfield, C. Maybeck, L. Moore, A. Kummer, I. Aiztrauts, N. Konoff, L. Adams ROW 3: R. Johnson, R. Turner, L. Garrison, Mr. Gillett

Many moons ago, the East High Clarion faded into obscurity and the school was without a regular student newspaper. Last year, the Orient Express took off, and pattered along with a handfull of workers. In 1978, engineer Tom Gillett and over 25 writers, artists and photographers have turned out quality issues, and made East aware of what's going on. The Orient Express has arrived on schedule.

# HISTORY FORUM

ROW 1: Dr. Urbanski, E. Forbes, C. Muzdak, R. Cox, M. Blanpied ROW 2: S. Peet, L. Guisbert, N. Zonneville, J. Fishpera ROW 3: J. Wickman, M. Rockford, R. Turner, R. Johnson, Mr. Allen M. Lyons, P. Etter

Participating in a model United Nations? Organizing a Gong Show? And other capers? Not the events usually associated with the History Forum. Long considered to be a stuffy collection of snobs, discussing the possible influence of social Darwinism on facist imperialist militarist anarchist societies, the club has tempered hard work and seriousness with rowdy originality. This new informal club image may be just what the doctor ordered . . . . .

Check out our guest speaker.

## SKI CLUB

"No, actually I'm going water skiing!"

East High's downhill ski club remained the largest organization in the school. Conditions were generally excellent, and bus rides hectic but fun. Considered by many to be a gathering of wealthy socialites, the club is earning more respect as a collection of energetic people, including some first-rate athletes; and that's no snow job!

It may not be the EASIEST way to ski, but we like it!

# SOCCER CLUB

ROW 1: M. Murray, M. Lynch, A. Sutton, T. Sansone, G. Musowski, D. Foy, T. Horne ROW 2: S. Bolfinger, T. Tingling, B. Spatzer, T. Kohl, V. Carlson, V. VinCola, M. Christidis, D. Palmer, D. Spagnola, D. Mendez, M. Springer, Y. Donnelly, L. Sheldon  
ROW 3: J. Foerster, K. Christiano, L. Lazerson, E. Winterson, J. McKee, L. Palmeri, M. J. Wolshlegger, K. Davies, C. Miles, D. Williams, T. Alongi, E. Carney ROW 4: R. Arena, C. McDaniels, B. DeDes

East High Soccer Club again led East in 1) Money 2) Spirit and 3) Activities. Aside from the usual giant fund raisers, the club exchanged rowdies with our friends to the North in Toronto, participated in foreign invitational, and par-tied up a storm in the best American tradition.

We wanted you to get a laugh,  
From the famed, illustrious yearbook staff.  
Photographers and Senior Eds.,  
Advisors and Department Heads.  
Each member of this wayward crew,  
Had his respective job to do.  
And now (at last) their work is done;  
We'd like to thank them one by one.

Congratulate the staff of "Sports",  
For photographing guys in shorts.  
The credit goes to Bob and Lynn,  
Depicting numerous winners win.  
To Lois and Val, a big ovation,  
For covering each school organization,  
Making sure we got the scoop,  
On every club and every group.

We won't forget that nameless mass,  
The under-rated Underclass.  
The best underclass the school's seen yet,  
Tom has preserved lest we forget.  
How 'bout a hand for Tim and Sue?  
Who had a giant job to do.  
Yet they expressed just how great,  
It was to be a "78".

If you like art just have a look,  
At certain pages of this book;  
The evidence of Irene's yen,  
For tongue-in-cheek with hand on pen.  
To Dave and Russ our hats are off,  
To Ted and "Rock" and Georgie Roffe.

The gentlemen who turned the trick,  
Moments captured with a single click.

Mary and Julie, take a bow,  
Your work is all completed now.  
Faculty section was a favorite place,  
(For drawing beards on every face.)  
As a manager of stubs and cents,  
The choice of Celeste no one repents.

And last, not least, of all our crew,  
We must salute our captains too.  
Vinessa with her charm and grace,  
And Nina with her pretty face.

They met the deadlines, "shrunk" the pics,  
And kept us going with well-placed kicks!  
We did the job despite the strains,  
But still, one problem now remains;  
My copy hardly seems inspired,  
(This poem leaves much to be desired.)

And now a final word of glee,  
From N and V and D and G,  
We've loved Reed's wit and comedy,  
His prose, and yes, his poetry.  
Without his writing so superior,  
Our book would surely be inferior.

But enough of this frivolity,  
From our Mutual Admiration Society.  
Our readers weary we are making,  
And so our leave we must be taking.

Gotcha!!

Sometimes -  
not often enough -  
we reflect upon the good things  
And those thoughts always center  
around  
those we love.  
And I think about those people  
who mean so much to me,  
and for so many years have  
made me  
so very happy.  
And I count the times I have  
forgotten  
to say thank you,  
And just how much I loved them.

The Underclass at East High is a study in potential energy. For now, talent lies dormant; but the underclass men, women, persons, etc. are restless and waiting. As usual, June of 1978 will find many seniors regretting their misused high school opportunities, fretting about the future, and perhaps looking wistfully at the younger kids. The lower grades have much to look forward to and accordingly, much to work for. The underclasses already envision success. As friends, we hope for the fulfillment of that anticipation, with a minimum of disillusionment.

## THE JUNIOR CLASS COUNCIL

This year, The Junior Class Council has had many fund-raising activities to prepare for upcoming events; mainly the Junior Prom. Through various meetings, the class has come up with several ideas and plans that have helped raise enough money for these events, and for future ones in their senior year. Under the guidance of Mrs. Sandoval and Mr. Giagos, the juniors hope to have a successful finish this year, and even a better one next year.

## East High's Foreign Exchange Students

Two people, Sigal Rechtman and Jari Korpela, have given East High a new flavor, a touch of *savoir faire* if you will. They gave East two exciting personalities we'd like you to know better . . .

According to Sigal Rechtman, if you like shopping, skiing, and "easier work", you'll love the United States. In the opinion of East High's exchange student from Rehovot, Israel, these are the most recognizable and enjoyable aspects of American life. There have been many rewards and few difficult adjustments. None the less, problems have arisen.

"I've tried to be like other people here. It's hard to come here and discover different styles from those you're used to. But all the teachers and students here have helped me out. I want to thank them especially."

Sigal's stay has been filled with surprises; both pleasant - and unusual.

"I really appreciate not going to school on Saturdays. It's such a relief! And snow! I'd never seen snow till I came here."

Sigal summarizes this year with fondness. "I was homesick sometimes, but my family here (the Spindelmans) was so great, they made everything easier. It's been a great experience. I wouldn't give it up for anything."

Jari Korpela's visit to the United States may do more to dissolve stereotypes and deplete funds of misinformation than any geography class. Contrary to popular and inaccurate belief, Finnish children do not go to school in reindeer-drawn sleds and Helsinki winters do not last half the year. As East's foreign exchange student under the "Youth For Understanding" program, Jari has learned much from America and conveyed some information himself.

"It's funny, but many students didn't know where Finland was."

Predictably, Jari finds many things funny here. "The size of East High bothered me at first. You're always dealing with bigger numbers. More students, more teachers more everything. You can feel lost."

Jari cites Ms. Primavera and Ms. Rutkonen as two people who have personalized an impersonal system.

"In a world of I.D. cards and hall passes, it's good to have friends. They create a more trusting kind of atmosphere."

Jari's American indoctrination has included all the traditional prerequisites. Eating onion

rings (I've become an addict"), roller skating, and, of course, a case of SATURDAY NIGHT FEVER. "It was quite an experience," he understates.

"America is more youth-oriented than Finland, but I think Finnish teen-agers are more independent and families are closer. My family here (the Wickmans) are great though. We get along very well." Jari is not given to false chatter; he speaks with direct sincerity about his present home.

"America is not perfect, but it is something special. Opportunities abound. I feel privileged to have lived here. There is something for everybody."

Blow in my ear, and I'll follow you any where.

"Hey Goodlooking!"

"HAAAAAY!!!"

"The Galloping Gourmet?"

"Gee your hair smells terrific!"

"Who? What? When? Where?"

East High; traditionally a City-Catholic powerhouse in all sports. Consistently strong teams (9 champion Boys Volleyball teams, the Girls Varsity Swim Team, (winner of 64 consecutive city meets) have been joined by Varsity Football, maintaining a stranglehold on Division II and surprising Division I would-be-bullies (Just ask McQuaid). Varsity Basketball, East's once and future team, rebounding from an off year, stormed into sectional play once again behind a galvanizing defense and an imaginative attack. Girls's Gymnastics flipped and swung to another sectional title, continuing East's general dominance of the city. With all these champs, East High in it's 75 year also remembers the short seasons when everything was coming up thorns; the 1975 basketball semi-final loss to Fairport, the Pittsford soccer sectional defeat of an early 70's campaign and so forth. In this year of triumphs, we applaud effort and sportsmanship as much as success.

# CROSS COUNTRY

The Cross-Country team for the first year in many seasons had a losing record. The team lost five seniors to graduation from last years varsity squad. Although the team started out with an impressive number of prospects at the beginning of the year, its numbers greatly decreased by the end of the season. Injury victims included seniors Kevin Lighthouse and Ann Kummer. Cathy Turner, a junior, was the Most Valuable Runner and John Amos, a freshman, the Most Improved.

## GIRL'S VARSITY TENNIS

The Girls Varsity Tennis Team (8-0-2) with a strong squad, won the Division I Championships, having the best record in both Division I and II. East's powerful team was challenged only by Franklin, each match ending in a 2-2 tie. Marshall was smashed (overhead) by East. In this match, the singles players, Lynn Garrison, Lori Milisits, and Sue Garrison, were forced to play a third set to determine the final victor. East proudly remained undefeated, each player winning her set. Kyla Lange was Most Improved Player, and Lynn Garrison, our MVP, made the City All-Star Team.

The Girls' Varsity Soccer Team was number one in the league, unscored on and undefeated, not a bad record for a second year team. The team was (1-1-2) against some very tough non-league competition. The team, often referred to as the East High "Pambies", is extremely enthusiastic, explosive in their offense, and very difficult to score against.

Girls' soccer has arrived at this school and is going to stay. It is not just a team, but an institution.

The East High Gymnastics team remained undefeated for their fourth consecutive season, completing the 1977 season with an 8-0 record. The team improved their meet score by nearly ten points, breaking the Old East High and City League records. Leading the scoring efforts of the gymnasts was City All Star, sectional competitor, Shirley Sofia. Following closely behind Sofia in All Around competition were junior Lyn Qualich, and Co-captain Liz Forbes. Lyn, Shirley and Liz were also elected members of the City All Star Team. Other equally important scorers were seniors Kathy Crane, and Andrea Klein, juniors Karen Albert, Retha Giles, Sydnie Evans. Oriental dominance was also seen in the city-finals, where Sofia, Qualich and Forbes captured first, second and fourth places.

## J.V. FOOTBALL

Hurt by early injuries to several key players, the J.V. Football Team struggled to a 3-5 record. Outstanding players included Keith Jones, who played offensive guard and defensive tackle, Cliff Wingate, who played quarterback and defensive halfback, and James Jones, who played wide receiver and linebacker. These players will be members of next year's Varsity Team, but many other players from the J.V. Team will be returning to provide the team with a good lineup for a winning season.

## VARSITY FOOTBALL

The Varsity Football Team had its most successful season in many years. The team went 7-1-1, winning the City-Catholic Division II title for the second year in a row. East's high-powered offense averaged twenty-two points per game, while allowing only nineteen points during the whole season. Leaving the team are All-City quarterback Terry Johnson, split end Tony Webster, and offensive guard Len Barber. With many of its players returning, combined with upcoming talent, next year's team promises to be another championship squad.

# HOCKEY

In it's second year of play in the Exercise League (High School Division) and only it's third of existence, the East High Hockey Club slip-slided to a respectable season. As the only city school sponsored team in an inter-scholastic league, East took on much more experienced and confirmed county and Catholic opponents. Even so, Jerry King and Mike Britton pummelled opposing goalies with a bewildering variety of shots. Keeper Dave Tate, stood his ground and the defense of John Romano, and two, better-than-average Joe's, Konze and Lentine demonstrated their usual superior game. Next year, bolstered by strong returnees and improved mamagement, East might rule the roost. For now you can take a check.

Junior Varsity Swimteam

The Boy's Varsity Swim Team, coached by Mr. Almansberger, started off the season with a bang. Both former freestyle relay records were broken at the Christmas Relays held at East early in the season. With Perry Greaves and Digger Greenstein as co-captains, the team had an impressive dual meet record of nine wins and two losses. This year, as usual, East had many outstanding swimmers. Mark Eisenberg broke the school record for 100 Fly in four successive meets with times of 1:02.3, 1:02.1, 1:01.8, and captured first place in the City Catholic Championships ending the season with his best time of :59.5. Voted the second most valuable swimmer of the City Catholic League, Gene Kimbrew remained unbeaten in both the 50 and 100 yard freestyle throughout the season in dual meets. Taking first place in the City Catholic Diving Championships was Perry Greaves, setting a new school record of an unprecedented 184.20 points. Through hard work and a strong team spirit, East had a very rewarding season tying for second in the City Catholic Championships.

# VARSITY BASKETBALL

Row 1: Terry Johnson, Lance Bridges, Calvin Howard, Mike Barkley; Row 2: Mike Jackson, Mark Jones, Bob Benjamin, Steve Bryant, Ron Williams, Tony Webster, Coach Rizzo; Missing: Chuckie Coleman, Jim Toluba.

Ever since the March of 1974 when Sal Rizzo's team reclaimed the Section V AAA Championship, East's basketball fortunes have diminished considerably. Until this year that is, when a group of guys deemed too small, too inexperienced, and too unknown decided things were going to be different. It took just one game, as East ran Monroe ragged, afterwards, no doubts remained concerning the team's ability. The only question: How far could this team progress?

A winning tradition, a history of previously accomplished squads, confronted the 1977-78 edition, a heritage worth upholding. But any records stand as goals, not monuments; as a result, new standards for both talent and desire have been established, All-County selections Tony Webster and Mark Jones being fundamentally responsible. Webster concluded a tremendous school career by finishing second in City-Catholic scoring. Jones invariably rallied the Orientals under pressure, turning deficits into routs. Ronnie Williams stifled Madison's estimable Dave Binion to keep an unbeaten streak intact and Mike Barkley merely emerged as the county's premier passer. Like Jones, Barkley is only a junior. Further sad tidings for East rivals are indicated by the return of defensive maverick Lance Bridges, who, along with Calvin Howard kept the zones clear of heavy traffic.

Perhaps this team lacked over-all talent of the Wilson Parkers or traditionally tough R-H Sperry. (the explosiveness of say, Franklin). Nevertheless, this team reinforced one imposing truth: you can't beat intelligence — or heart.

S-P-I-R-I-T!!!

Girls Track huffed and puffed to another good season with both individual and collective achievements of high distinction. The break-even 2-2 record failed to convey the successes of the season. Perhaps the strongest individual performance was Ann Kummer's. A runner of tremendous endurance, Ann finished first in the 2-mile, and second in the mile race. Other high finishers included Sue Reed, who took second in the 880.

Team highlights included: second place in the mile relay; a season-ending rout of Monroe by the score of 81-31. Considering the relative size of the squad and the weather-related practice delays, 1977 was a gratifying year; moreover, the talent evidenced by younger members signifies that East's opponents should be running hard next year—for their lives!

The Boy's Track Team, although quite young and inexperienced, was a strong competitor against other city schools. The team's Most Valuable Runner was Craig Coon who presently holds the school record for the mile and the two mile. Dan Clark was voted the team's Most Improved Runner. Other runners who showed promise were Titus Heath, Issac Johnson, Tim Johnston, Gene Kimbrew, and Mike Richards.

East's Sectional Medley Relay Team.

The domination of the East High Girls Swim Team gratifies its coaches, dismays its opponents, and inspires its members to greater achievements as they uphold a heritage. Among the ladies who consistently make Thursday afternoons miserable for the also-swimmers are co-captain Lorie Gibson, Lynn Garrison, and the Keymels, Pam and Sue, the best sports siblings since Mitch and Marvin Jones.

The team's Sectional performances may be best described as competent; its league performances are outstanding. Sixty-three consecutive meets and eight years have passed since East was outclassed in the pool. Dominating both individual and team events, East is a triumph not only of individual attainment, but pride in team unity as well. With such performers as sophomores Lisa Vince, Liz Chapman, and Cathy Adams, and junior Julie Davidson returning, girls swimming will continue to make waves.

## JUNIOR VARSITY BASEBALL

East's Freshmen Baseball Team earned a 7 win, 9 loss record, in an up and down season. Highlights were several turnaround victories, where the Orientals defeated opponents who had beaten them earlier in the season. The team was led by Rusty Fielder's hitting and baserunning, Tom Brown's hitting, and Doug Heard's pitching and baserunning.

The '77 J.V. Baseball Team wrapped up its season with an impressive league record of 10-5. County schools proved no match for Orientals, as they beat every County School they played, on their way to an overall record of 17-6. The close knit team was led by the pitching of John Maher, and the strong performances of Joe Konze, Mike Hampton, Mike Luciano, and Tom Osipovitch. The '78 Varsity squad should be greatly strengthened with the upcoming J.V. players.

East's '77 Varsity Baseball Team finished its season with a League Record of 8-8, and an overall record of 15-9. Terry Johnson was voted the Most Improved Player on the team, and he also made the All-City Catholic Team. The Most Valuable Player was Ron Kampff. Returning players will be Terry Johnson, Len Barber, Jim Freer, Jerry King, and Rob Roney. Other players on the team will include Jay Toluba, Tom Ospovitch, Mike Luciano, and John Maher. With a number of the squad returning, this year's team promises to be a fine one.

# GIRL'S SOFTBALL

Batter up!!!

This year's Varsity Softball Team, with a 6-8 record finished fourth in a City League of eight teams. With only six veteran players returning, co-captains Leisha McKay and Eileen Terrlinck worked with Coach Howard to rebuild the team. With these young players growing wise in experience and skill, East can look forward to a championship team in the near future.

# BOYS TENNIS

Although the '77 season was a rebuilding year for the East High Varsity Tennis Team, it turned out to be a highly competitive one. The season was highlighted by a 3 to 2 victory over Franklin in a match that lasted until 7:30 P.M.

The '77 season was an excellent showing for the young team and gave an indication of the upcoming '78 season as well. That is because all the starters of '77 are returning for the '78 season. The returning seniors are Chris Gorzinski, Steve Michaels, Bill Snyder, and Pete Muthig. Returning as juniors will be Mike Zonneville, Chuck Muzdak, and Tom Giancursio. Also returning in '78 will be sophomore Seth Selleck.

The '78 season has a promising outlook and the team, under the coaching of Mr. Bob Webb, hopes to better their '77 season.

Little time is left before the class of '78 leaves East High Just six years; that's how long it's been since 1972 . . . when we came here . . . . Door frames were three sizes too big . . . the gym was an only - somewhat - smaller imitation of the War Memorial . . . The seniors were real, live . . . adults! In eighth grade our paintings were on display . . . Slightly weak yet distinct voices could be detected in choirs . . . and the school was acquiring our flavor . . . Big Freshmen! We were in high school, finally . . . we could look down on the junior high students . . . who usually talked back! But it was all in good fun . . . The work snuck up on us . . . but so did meaningful friendships . . . Tenth grade; a year for moving up to varsity . . . being elected treasurer of the German Club . . . or underclass editor on the yearbook . . . and holding unsuccessful bakesales . . . As juniors, we had new responsibilities . . . there were carnivals to be managed . . . proms to be planned . . . and seniors to say goodbye to . . . All along, friends had been graduated graduating . . . leaving us to carry on; . . . Carry on learning . . . carry on working . . . carry on partying! . . . carry on growing . . . What made this a great year? . . . Something more important than the individual blocks of the building or the grades on tests . . . that quality of "spirit" . . . Louder than the corridor bells, . . . keener than Mr. Kramer's wisecracks . . . It can't be bought . . . or "organized" . . . or faked . . . It emanates from the hearts and minds of this class . . . the class of '78.

“Now you don’t have to  
choose between getting  
a good occupation and continuing  
your education.”

You can come into the Army. Learn a skill. Travel halfway around the world. And still find the time to work on your college education.

It’s part of the Army’s unique education idea Project AHEAD (Army Help for Education And Development).

If you qualify under Project AHEAD, you choose the participating school you’d like to graduate from before you enlist. Then no matter where you serve while in the Army, you’ll take courses taught by accredited colleges right on post, with the Army paying up to 75% of the tuition and fees for approved courses.

If you’re interested in starting on your college education while you’re working full time at a good occupation find out more about Project AHEAD.

# The Varden Portrait.

For some people, a diploma is not enough.

Some people feel that there should be more to graduation. More than just a diploma. A timeless commemorative of your graduation is the Varden portrait.

Your Varden portrait will speak with distinction. For over 30 years, the name Varden has meant the ultimate in fine portraiture. When you graduate, don't settle for less.

## For sale. The future of the American economic system.

Too many young people know too little about why business is in business. They're not only misinformed, they're critical and even hostile.

Whose fault is it?

It's time business itself accepted a major share of the blame. Instead of telling young people the economic facts of life, we've been letting them grow up believing in a free lunch.

So when an opportunity like Junior Achievement comes along, we'd better not miss it.

With this spoon-handle ring, a local JA company is learning about business by actually managing one.

The Achievers issue stock; elect officers; run assembly lines manufacturing the rings; chart

Kodak advisors John Holt and Marian Beach meet weekly with their Junior Achievement company.

pricing and marketing options; keep books; pay wages, taxes, and rent; monitor product quality and production safety; participate in trade fairs; hold board meetings and sales drives; write an annual report; and, they hope, earn profits to pay dividends.

Most of the things any company does.

During the school year, more than 1300 Monroe County high school students in 53 JA companies will be doing roughly the same thing.

To encourage JA members, Kodak and many other local firms invest their money in Junior Achievement. Kodak men and women also volunteer their time, spending one evening a week to counsel eight JA companies.

Someday, we think the payoff will exceed the investment. Which is only good business.

## 1978: The Year In Review

### September:

Back to the old grindstone, but ahead lie challenges, hopes, expectations, and dreams of glory for the new year (Opening Day: September 7)- Reality settles in (September 8).

### October:

Kearney hands East it's single loss of the football season as 400 fans stand unbelievably in the 15 degree rain storm. (Where were you?)- First and last party of the ill-fated French Club. Mr. Randazesse arrives at 8:00, leaves at 8:45- East crushes Monroe, 19-6, clinches Division II championship.

### November:

S.A.T. day; pencil points snap, sweat breaks, reconciled whimpers are heard. Unresolved mystery: Why you had five English and only one math tests.- Rochester Philharmonic ends 10-year absence, performing in Auditorium. Audience's reaction to "Afternoon of a Faun" suggests classical music may not yet be quite as popular as disco among East students.- S.G.A. meets for the first time, debates for two hours unanimously agrees on the next date for a meeting.- Senior Class Committee for selecting a Christmas Dance band is ejected from the ritzy establishment called "Pelcher's Bar" by an exceptionally burly person.

### December:

First of many controversial P.A. announcements concerning Christmas Dance. Disciplinary measures enacted, offenders properly expelled.- The Christmas Dance arrives, ending a barrage of nasty rumors and innuendo. Zebra, chosen on the basis of two songs, exceeds expectations. However, at last count, 42 racial discrimination suits have been filed by the East High Irish Pygmy Union.-The day before vacation finds many seniors dressed up. (Well, new Levis). A large carolling group spreads joy and goodwill to the Eastside that night, but no one is home.

### January:

East knocks off Madison at the War Memorial, gains #1 local ranking.- Girls Soccer Team holds dance at First Methodist Church that night. Joint foreign language club cabin party at Webster Park. J. Fischpera quarterbacks team to victory, but star flanker Doug White arrested for attempted suicide.

### February:

Beginning of the Great Caps and Gowns controversy.- Inter-East Choir (previously named Inter-High) performs at Midtown as part of the "I Love Downtown" program.- Yearbook crisis #54, series B.- City-Catholic Swimming Finals. East or McQuaid win every event.

### March:

S.G.A. holds successful All-School Disco Dance, and pays tribute to the Varsity Basketball Team on the eve of the Section V AAA Championship Game.- "Gypsy" emerges as a well-executed, smooth production. Mr. May promptly enters state of shock from profound disbelief.- Russ Cox, already panicking begins calling potential dates for the Senior Ball.

### April:

The Gong Show gets everything together; responsive judges, dynamite contestants. Major disappointment suffered when Mr. Gillet fails to unveil his much-discussed imitation of Mick Jagger.-Spring Vacation: and about time!

### May:

A night downtown, culminating at the Senior Ball with Welles-Curtis for nearly five hours of undulation, heavy times. In retrospect, it retains an odd, ephemeral quality.- A.P. exams. Psyche jobs conclude, nail-biting continues, teachers look on as the clock ticks.- Club picnics in the air. Local parks are left worn out, treasures left depleted, and subsequently, seniors left smirking and juniors grumbling.

### June:

The Senior Banquet! Yearbooks! And last, but long awaited, graduation for the Great Class of 78 . . . .  
EAST HIGH SCHOOL

The Senior Class wishes to recognize all administration and faculty members for their help over the years a special hanks to Mr. Marquardt and Mrs. McFadden for making our years at East rewarding.

# BEST WISHES TO CLASS OF '78

### SKI CLUB

You start slowly, gliding easily, breaking  
the silence with the soft "shhh . . . shhh . . ."  
of your skis as they sweep up sprays of  
powder at each turn.

Here and there, the sun catches snow  
crystals, turning them to diamond dust.  
Ever so gently the slope steepens, drawing  
you into widening, flowing, sensuous arcs.  
Suddenly, magically, you have found the  
mountain's rhythm.

You're flying, soaring, feeling your spine  
tingle, seeing the trees rush by in a blur,  
laughing inside at the incredible feeling of  
freedom and beauty and speed, laughing  
because you just can't believe anything in  
this world could be so much fun.

# NATIONAL HONOR SOCIETY

The National Honor Society is perhaps East High's most exclusive group. Students admitted to the society have demonstrated academic superiority, ability to handle responsibility, and concern for their school. As usual, East had many highly qualified students to chose from.
